

KES Lions – Keep on Soaring!

Students and Parents – KES offers amazing online resources to continue your work and learning at home! Below are the instructions for accessing the CCS Clever Portal that houses software programs that the students use at school.

Access the Camden County website and click on “Students” then click on “Clever Login”.
(www.camden.k12.ga.us)

The following screen will appear. Click on Log-In with Google.

Your student will now log-in just like they would at school. The teacher will give you your child’s log-in credentials.

Example---- Jill.Small@gx.camden.k12.ga.us You must type it in using the @gx.camden.k12.ga.us after the student’s name. The students don’t have to do this at school so they may be unfamiliar with it. Once they type in their username and password the Clever Portal will open and they will be able to access all programs.
